

# Prompt Pack

100 copy-ready prompts for Relight, Background, and VFX.

Paste into the Prysmor panel inside Premiere Pro or After Effects.

## How to use

- 01** Pick a mode that matches what you want to change.
- 02** Copy one prompt. Keep it short and specific.
- 03** Say what should stay the same: face, wardrobe, framing.
- 04** Generate, review, then iterate with a tighter prompt.

## SECTION

# Relight

Change mood and light. Keep the subject locked to your clip.

---

- 01 warm backlight, late afternoon haze
- 02 cold blue moonlight from camera left
- 03 soft window light, overcast morning
- 04 golden hour rim light, gentle lens haze
- 05 neon magenta and cyan side light, night club
- 06 harsh noon sun, hard shadows on face
- 07 candlelight warmth, intimate close-up
- 08 fluorescent office green, slightly sickly
- 09 cinematic top light, deep contrast

- 10 sunset orange key, cool fill from behind
- 11 soft beauty light, clean skin, low contrast
- 12 stormy grey skylight, muted colors
- 13 car headlight wash across the face
- 14 fireplace glow from camera right
- 15 harsh street lamp, night exterior
- 16 diffused bounce light, product look
- 17 red emergency light pulse, subtle
- 18 morning sun through blinds, striped shadows
- 19 cool hospital corridor lighting
- 20 warm tungsten practicals only
- 21 overcast Nordic light, flat and soft

22 stage spotlight on subject, dark edges

23 golden bounce from desert sand

24 cyan sci-fi spill from screens

25 dim undercabinet kitchen light

26 bright overcast beach light

27 purple club wash, soft haze

28 single hard Rembrandt key light

29 dusk blue hour, soft city glow

30 harsh flash look, slight overexposure

31 warm cafe window light, rainy day

32 cool subway fluorescent mix

33 sunset through trees, dappled light

34 dim motel lamp, warm and dirty

## SECTION

# Background

Swap the environment. Subject stays. No green screen.

---

- 35 neon city at night, soft bokeh
- 36 foggy pine forest, early morning
- 37 minimal white studio infinity wall
- 38 rainy Tokyo street, wet reflections
- 39 desert dunes at dusk, warm wind haze
- 40 industrial warehouse, practical work lights
- 41 rooftop overlooking downtown skyline
- 42 cozy apartment living room, golden lamps
- 43 underground subway platform, fluorescent strips

## BACKGROUND · continued

- 44 snowy mountain ridge, overcast sky
- 45 busy European cafe patio, soft daylight
- 46 empty concrete parking garage
- 47 lush tropical jungle path
- 48 modern glass office lobby
- 49 abandoned theater stage, red curtains
- 50 quiet library aisle, warm lamps
- 51 night highway overlook, city lights
- 52 sunny suburban backyard
- 53 dark recording studio, acoustic panels
- 54 foggy bridge at dawn
- 55 art gallery white walls, clean

## BACKGROUND · continued

- 56 crowded night market, lanterns
- 57 rocky coastline, crashing waves distant
- 58 train station concourse, soft blur
- 59 minimal black void backdrop
- 60 rooftop greenhouse, plants and glass
- 61 old brick alley, late afternoon
- 62 luxury hotel lobby, marble and gold
- 63 football stadium at night, empty seats
- 64 misty lake dock, early morning
- 65 cyberpunk alley, neon signs
- 66 sunlit wheat field, wind motion
- 67 airport terminal windows, soft blur

## SECTION

# VFX

Add or remove. Describe the effect in one clear sentence.

---

- 68 heavy rain, keep subject dry
- 69 thin smoke drifting across the frame
- 70 embers floating upward behind the subject
- 71 subtle heat haze rising from the ground
- 72 remove the person walking in the background
- 73 light snow falling, soft and sparse
- 74 electric sparks near the metal railing
- 75 dust particles in a shaft of light
- 76 add a distant explosion glow on the horizon

77 replace the phone screen with a bright UI glow

78 add soft fog rolling along the ground

79 remove the parked car behind the subject

80 add falling cherry blossom petals

81 subtle lens dirt and light streaks

82 add rain streaks on a window in front

83 remove text from the wall sign

84 add steam rising from a coffee cup

85 soft ash falling after a fire

86 add floating soap bubbles in sunlight

87 remove the power lines from the sky

88 add a small fire in a metal barrel

89 thin volumetric light beams through smoke

90 add sparks from an angle grinder

91 remove the logo from the jacket

92 add distant lightning flash in clouds

93 soft pollen floating in warm air

94 add dripping water from the ceiling

95 remove the second person on the left

96 add glowing particles around the hands

97 paper scraps blowing across the street

98 add a faint magical shimmer in the air

99 remove graffiti from the brick wall

100 add wind-blown dust across the ground
